Stitch the five spokes by coming up at 1, down at 2, up at 3, down at 2, up at 4, down at 2, up at 5, down at 2, up at 6 and down at 2 (see Figure 1).

Using a tapestry needle, bring the thread up near the centre under Spoke 6. Take thread over Spoke 1, under Spoke 3, over Spoke 4 and under Spoke 5 (see Figure 2).

Continue weaving the spokes, until they are covered and go down to the back of the fabric just under Spoke 6. Work the weaving on top of the fabric. Do not pierce through the fabric.
