FORGET-ME-NOT - CYBER PROJECT

BASIC/INTERMEDIATE - HARDANGER & COUNTED THREAD

by Carol Storie

Embroiderers' Association of Canada, Inc./Association canadienne de broderie, Inc.

Let your needle wander through openwork windows, woven bars, and dainty eyelets as you bring this luminous Hardanger design to life. Stitched on 22-count Hardanger fabric with Caron Watercolours and DMC threads, this project blends tradition with contemporary artistry. You'll explore klostors, needleweaving, doves' eyes, whipped outline stitch, Damask stitch, eyelets, and finish with graceful hemstitching.

Whether framed as a picture or laid at the heart of a table, the finished piece will be a keepsake to cherish. Stitchers comfortable following diagrams will feel right at home, and makers of every level will find something to love in its rhythm and texture. A beautiful invitation to slow down, learn, and create something beautiful.
